Believe In God

“I Believe In God”

To believe about and to believe in are two different things.

To believe about something is to acknowledge it but without necessarily becoming involved. To believe in something is to invest oneself in it, and to make it a part of one's life and living.

Many people profess a belief about God but live as if they did not. God looks for people who believe in Him – who entrust themselves to Him and His ways and who seek an ever deepening relationship with Him. So Jesus call is for people to “Come to Me, Follow Me and Live with Me” .
